OBJECTIVE

I am a dedicated Angular developer with a passion for creating responsive and user-friendly web applications. With 3 year of experience in front-end development, I have honed my skills in leveraging Angular to build dynamic and interactive interfaces. Additionally, I am Familiar with back-end development using Django Framework, Which Complements My Full-Stack Capabilities.

EXPERIENCE

Software Engineer (Sept 2024 - present)

Maitri Holdings Services Pvt Ltd, Lalitpur, Nepal

- Worked as an Angular Developer with additional responsibilities in back-end development using Django.
- Contributed to the development and maintenance of an outsourcing product for ECLAT Health, a leading US-based provider of revenue cycle management and medical coding solutions.
- Contributed to building a browser extension that seamlessly integrates with external EHR systems like Athena.
- Collaborated with cross-functional teams to deliver innovative solutions and optimize system performance.

Software Engineer (Dec 2023 - Sept 2024)

FISoft International Pvt. Ltd, Lalitpur, Nepal

- Worked as an Angular Developer, playing a key role in fin-tech projects, particularly in FoneMoney, a cross-border remittance platform.
- Led the development and maintenance of high-performance Angular web applications.
- Ensured seamless functionality, scalability, and optimal user experience.
- Collaborated closely with cross-functional teams to design and implement critical features.
- Enhanced application performance and usability through innovative solutions and best practices.
- Mentorship & Team Leadership: Actively participated in project planning, code reviews, and mentoring junior developers, fostering a culture of continuous learning and improvement.

Junior Frontend Engineer (April 2022 – Dec 2023)

InfoDevelopers Pvt. Ltd, Lalitpur, Nepal

- Led Angular Web App Development: Spearheaded the development and maintenance of Angular web applications, ensuring smooth operation, high performance, and robust scalability.
- Cross-Functional Collaboration: Worked closely with cross-functional teams to design, implement, and refine new features, significantly enhancing user experience.
- Diverse Project Expertise: Gained comprehensive experience across various Angular projects, including management systems and fintech applications, broadening technical proficiency across domains.
- API Integration & Optimization: Integrated RESTful APIs to ensure seamless communication between front-end and back-end systems, optimizing code for efficiency and maintainability.
- Quality Assurance & Best Practices: Implemented best practices in coding, performance optimization, and quality assurance, ensuring reliable and secure applications.
- Adoption of Emerging Technologies: Continuously embraced emerging trends and technologies in Angular and frontend development to deliver modern, user-centric solutions.

Angular Trainee (Feb 2022 – March 2022)

InfoDevelopers Pvt. Ltd, Lalitpur, Nepal

- Participated as a trainee in the Winter Intake Code Camp for Angular.
- Acquired essential front-end technologies during the training.
- Successfully applied the knowledge gained by developing a basic e-commerce web application.
- Built the application independently using Angular for the front end and Django for the back end.
